**Linkedin:** [linkedin.com/in/kristofel-morin](https://www.linkedin.com/in/kristofel-morin) | **Portfolio:** <https://kristofelmorin.github.io/>

I graduated from the University of Digital Technology Indonesia with a degree in Information Systems. My specialization is in software engineering with a focus on Backend Development. I have experience working with computer networks and programming skills in Javascript, PHP, and Python.

## EXPERIENCES

---

### **Intern Web Developer, PT. Teknologi Edukasi Indonesia**

*Mar – May 2024.*

- Developed code using web programming languages including HTML, CSS, and Javascript
- Integrated the front end of websites with the backend using APIs
- Designed and managed databases to store website information
- Conducted testing to ensure the functionality of websites across various devices and browsers.

### **Intern IT Support, PT. Angkasa Pura-1 Adisutjipto Airport Yogyakarta**

*Sep - Oct 2023.*

- Providing assistance in solving hardware, software, and network problems faced by users.
- Performing installation, configuration, and maintenance of hardware and software.
- Ensuring the network runs smoothly by conducting regular monitoring and maintenance.
- Providing training and guidance for the proper use of devices and systems.

### **Intern IT Support, PT. Angkasa Pura-1 Frans Kaisiepo Airport Biak**

*Feb - Apr 2019.*

- Collaborated with teammates to solve technical issues
- Installed and configured operating systems and computer hardware applications
- Resolved technical and application issues through calls and in-person support
- Troubleshoot system and network issues, diagnosing and resolving hardware and software problems

## EDUCATION

---

### **Bachelor of Information Systems - Faculty of Information Technology, Universitas Teknologi Digital Indonesia | June 2020 – August 2024**

- Member of the Informatics Student Activity Unit (September 2022 - December 2022) who is directly involved in collaboration and contribution in website development using HTML, CSS, and Javascript. Also, managing and organizing our projects in the GitHub repository.
- Working on final projects for programming courses with various programming languages such as Java, Python, and PHP.

### **Cloud Computing Cohort - Bangkit Academy 2023 By Google, GoTo, Traveloka | Feb – Jul 2023**

- Completed online courses on technologies such as Dicoding, Google Cloud Platform (GCP), and Coursera.
- Contributed to team projects focusing on application programming interfaces (APIs) and mobile development using Google Cloud Platform.

### **Computer and Network Engineering - SMK Yapis Biak Papua | June 2017 - July 2020.**

- We design, install and configure network devices such as routers, switches, modems, etc., based on network topology requirements.

## CERTIFICATIONS

---

**TOEFL – LIKE TEST**

(Score: 443)

*Aug 2024*

**Web Developer Completion Certificate by Luarsekolah**

*May 2024*

**Becoming a Google Cloud Engineer by Dicoding Academy**

*Level Intermediate*

*Jun 2023*

**Google IT Support Professional Certificate**

*May 2023*

## SKILLS

---

**Soft Skills** : Problem Solving, Adaptability, Team Work, Analytical Thinking.

**Hard Skills** : Ms.Office(Word, Excel), Agile Methodology, HTML, Bootstrap, Javascript, PHP, Python, Web API/RESTful , SQL & NoSQL databases, Networking, Windows and Linux OS, Google Cloud Platform (GCP).

**Languages** : Native in Bahasa Indonesia, Intermediate in English.
