

AHMAD DZIKRUL FIKRI

Data Scientist

Jakarta | 0895332305276 | ahmaddzikrulfikri@gmail.com | <https://www.linkedin.com/in/ahmad-dzikrul-fikri-97b571192/>

SUMMARY

Ahmad Dzikrul Fikri is a professional experienced in data science, data analysis, machine learning, and statistical analysis. I am active in various campus activities, organizations and have experience working as a professional. Proficient in Python, Spark, PostgreSQL, MySQL, MongoDB, Tableau, Dash, JavaScript, HTML, CSS, and Office 365 (Word, Excel, etc.) I hope to become a data scientist who can take insight from data for business purposes.

WORK EXPERIENCE

PT Bank Sinarmas Tbk

Data Scientist (Nov 2023 - Present)

Placed on a special project within the Sinarmas group financial holding (Sinarmas Multiartha).

- Create product recommendations using data from various business units of the Sinarmas group (Bank Sinarmas, Sinarmas Multifinance, Danamas, Asuransi Simas Jiwa, Sinarmas Sekuritas, etc).
- Creating datamart lending leads to prevent customer churn from the Sinarmas Group financial and insurance sectors.
- Creating a datamart that stores personas for each product in various Sinarmas groups. The creation of these personas is done automatically using a Python script.

PT Sinarmas Multiartha Tbk (Sinarmas Mining - Data Analyst Development Program)

Data Analyst (Oct 2022 – Oct 2023)

- Create Customer Credit Score based on customers from various financial companies within Sinarmas (Bank Sinarmas, Sinarmas Multifinance, Danamas).
- Create OCR to read BPKB. This project aims to increase efficiency in terms of time and human resources when transferring data from hardcopy to softcopy.

PT Datasintesa Teknologi Nusantara

Data Analyst (Jan 2022 – Nov 2022)

- Designing and developing data analytical tools required by projects and products.
- Analyse data coming from all platforms, such as survey/questionnaire.
- Improve data consistency across platforms, making sure data is easily understandable and identical between database and front-end.

PROJECT EXPERIENCE

- **Product Recommendation**
- **Automated Top Persona**
- **Lending Leads**
- **Fico & Vantage Score**
- **OCR**
- **PASTI (Kominfo)**

EDUCATION

- **Sinarmas Mining (2022 - 2023)**
Data Analyst Development Program
- **Algoritma Data Science School (2022 - 2023)**
Data Visualization Specialization & Machine Learning Specialization
- **University of Indonesia (2018 - 2022)**
Geophysics, 3.67
- **Purwadhika Digital Technology School (2021),**
Data Science & Machine Learning

LICENSES & CERTIFICATION

- **HarvardX (Des 2020)**

Data Science: Machine Learning

Link: <https://courses.edx.org/certificates/04641c20578c42e0b723f8181cb6b896>

- **ExecuTrain (Nov 2022)**

Intermediate – Microsoft Excel 2019

Link: <https://bit.ly/dzikrulexcel>

- **UBC (Oct 2023)**

Business Communications

Link: <https://bit.ly/businesscomdzikrul>

- **PPM Manajemen (Des 2023)**

Project Management

SKILLS

- Python Programming
- SQL Database & Query
- Data Wrangling
- Data Visualization
- Statistical Data Analysis
- Machine Learning
- Git & Github
- Tableau
