DIMAS WISNU PRADANA

S1 – TEKNIK INFORMATIKA

I am Dimas Wisnu Pradana, a bachelor's degree graduate majoring in informatics engineering. I am an experienced candidate in the IT field, specifically Qualiaty Assurance, with approximately one year of work experience as a Quality Assurance officer at a state-owned bank, of course I have the ability to check an application manually. In my career, punctuality is a top priority for me in completing a job. Apart from that, I am also able to operate a computer, install applications, reinstall software.
